Used DENN CNC Spin Forming Machine

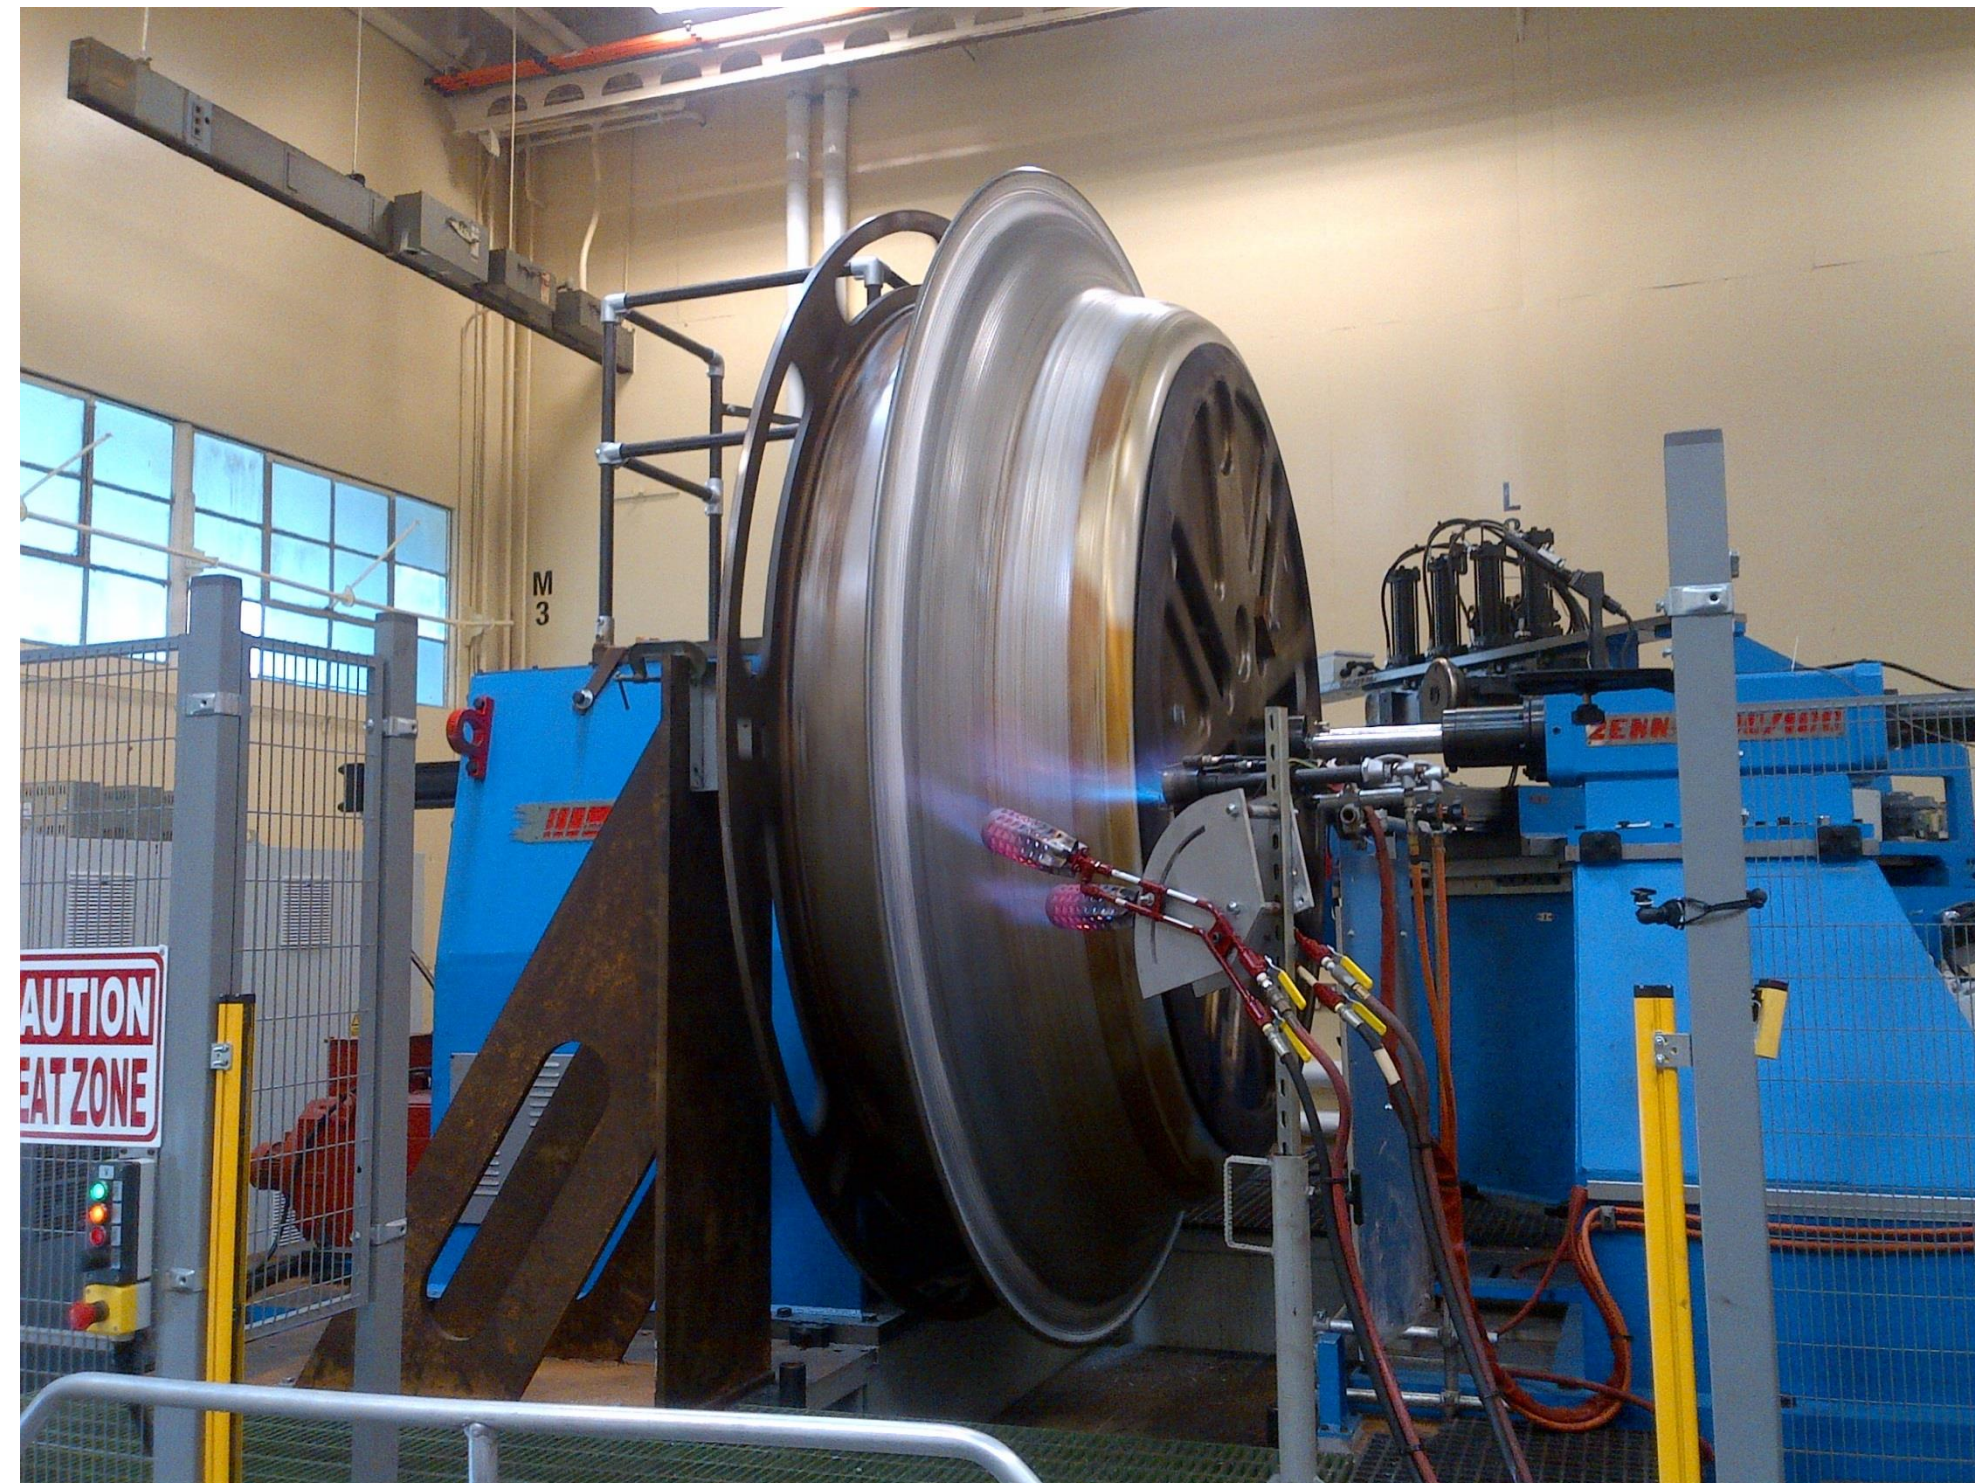

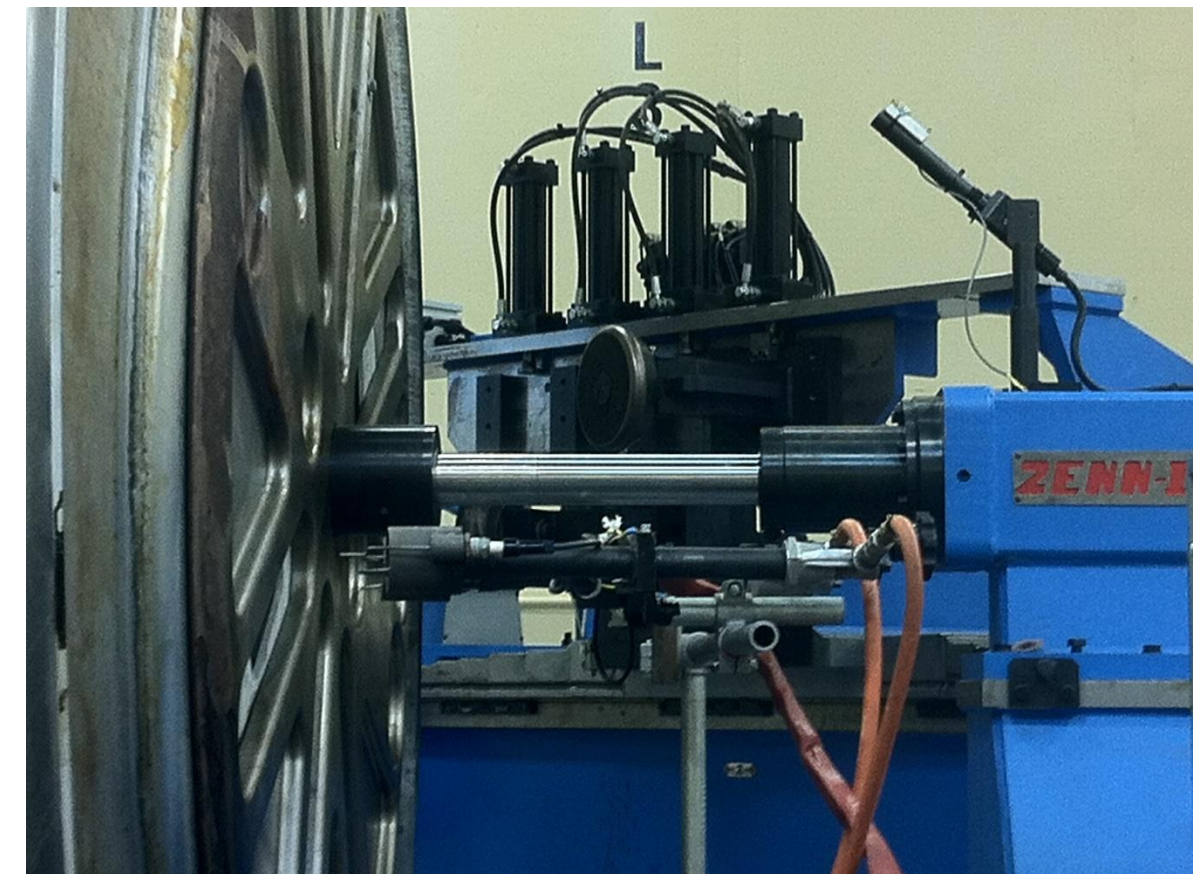

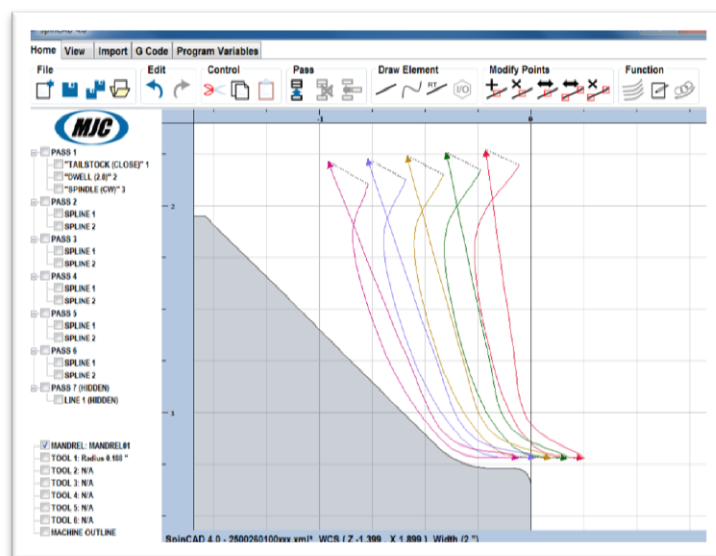

- 4,000mm capacity
- 4-station Tool changer
- Torch system
- Etc.

Revolutionary Machine Programming Software

• Revolutionary software solutions from MJC that ease the use and setup of modern CNC spin forming machines.

• Roller Positioning and Offset Control

• Actual Cycle Time Timer for Production Cycle Optimization

• Production Part Counter for counting up or down

Used Large Diameter CNC Spin Forming Machine

Machine Specifications

Blank Piece Dimensions:	4000 mm
Spindle Drive AC Vector:	100 KW
Spindle Mounting:	DIN #15
Spindle speed:	0-400rpm
Tailstock Stroke:	1000 mm
Tailstock Force:	50 kN
"X"-axis Stroke:	500 mm
"X"-axis Force:	66 kN
"Z"-axis Stroke:	1100 mm
"Z"-axis Force:	66 kN
Siemens CNC Control:	840D
